EDCLUB Movement

Ask them a question, give them the world.

Practical Requirements for New Mentors

To become an EDCLUB Mentor you need to:

• Be aged 15 or over.

• Have access to a computer with a camera and ability to download Skype.

• Commit to spend the time – two/three weekly sessions of around 20 minutes (up to one hour a week in total) for a minimum period of 6 months.

We'll send you a 'Code of Conduct' (as part of our Child Protection policy), and you'll then need to:

• Sign and return it to us. We're happy for you to print it off and sign it, then scan it and email it to us.

• Raise funds for a computer and Internet service for the disadvantaged kids. This is approx. £300.00. This could be through sponsorship by parents or school, or separate fundraising.
